AIR-COOLED HEAT EXCHANGER PERFORMANCE

MAXIMIZE RELIABILITY • OPTIMIZE PERFORMANCE • REDUCE COST

COOLINGMIST™ Evaporative Cooling — up to 40% additional heat-duty capability

- Engineered Nozzle & Mist Distribution Systems
- High-Ambient Temperature Performance Enhancement
- ACHE Inlet-Air Temperature Reduction
- Engineered Nozzle & Mist Distribution Systems
- System Design & Application Engineering

Fin-Fan / Air-Cooled Heat Exchanger Cleaning — BlueBLAST

- Non-toxic, biodegradable formulation Online & Offline Cleaning
- Deep Fin-Pack Cleaning
- Fouling & Debris Removal
- Fin Straightening & Inspection
- Airflow & Heat-Transfer Restoration
- Pre/Post-Cleaning Performance Evaluation

Hot Air Recirculation Screens

- Hot Air Recirculation Mitigation
- ACHE Airflow Management
- Discharge & Intake Air Separation
- Site-Specific Screen Design & Layout

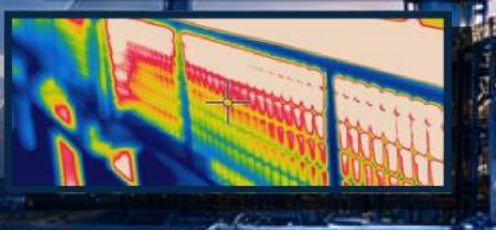

Mechanical & Structural Inspections

- Structural & Support Inspections
- Fan & Drive Component Inspections
- Alignment & Bolting Verification
- Tube Bundle & Fin Assessment
- Corrosion & Condition Assessment
- Deficiency Reporting & Repair Recommendations

Mechanical & Performance Upgrades

- Fan & Drive System Upgrades
- Fan Pitch & Airflow Optimization
- Belt, Sheave & Bearing Improvements
- Vibration Correction
- Tip-Clearance & Air-Sealing Optimization
- Performance Testing & Verification

Performance Testing

- Baseline Performance Testing
- Airflow & Temperature Measurement
- Fan RPM & Blade Pitch Verification
- Motor Load & Vibration Analysis
- Thermal Performance Evaluation
- Design vs. Actual Performance Analysis
- Post-Upgrade Performance Verification

FIELD SERVICES

INTEGRATED INDUSTRIAL EXECUTION • BUILT FOR PERFORMANCE

SPECIALTY WELDING

- Vacuum Insulated Piping
- Most Alloy Welding
- HDPE Welding

PRECISION SERVICES

- Torquing
- Stud Tensioning

SPECIALTY COATING

- Surface Preparation
- Anchor Installation
- Machine Grouting
- Containment
- Fireproofing – Intumescent, Cementitious
- Structural Concrete Restoration
- Acid Proofing – Coatings
- Light Civil

MECHANICAL

- Piping
- Crane & Rigging
- Structural Steel
- Valves

TOWERS & DRUMS

- Open, Clean, Inspect
- Tray Removal & Replacement
- Packing Installation & Replacement

FABRICATION

- Piping and Most Alloys
- Piping Spools – Small & Large Diameter ½"–72"
- Hydrotesting
- Pneumatic Testing
- Skid Packages
- Emergency Call Out

PROJECT MANAGEMENT SERVICES

PLANNED WITH DISCIPLINE • EXECUTED WITH VISIBILITY

PROJECT CONTROLS

- Primavera P6 Scheduling
- Cost Controls
- Risk Assessment
- Performance Reporting & Analytics
- Change Management
- Progress Curve Development & Tracking
- Baseline & Forecast Variance Analysis

PROJECT COMPLETION

- System / Subsystem Delineations (Drawings / Lists)
- CMMS Database Buildout / Implementation / Training
- ITR Development & Gap Analysis
- Punch List Management & Closeout
- Turnover & Handover Dossiers
- Witness Notification & Test Coordination
- Project Milestone & Readiness Tracking project completion

PROJECT MANAGEMENT

- Project Management Consulting
- Contract Administration & Compliance (LSTK / MEPC)
- Engineering Data Transfer Coordination (S3D, SPI, SPID)
- Subsystem & System Walkdowns
- Stakeholder & Owner Interface Management
- Document Control & Reporting

blue industrial

DEMOLITION AND DISMANTLING

MAXIMIZE RELIABILITY • OPTIMIZE PERFORMANCE • REDUCE COST

DEMOLITION

- Shear Steel Cutting
- Hot Work and Cold Cutting Operations
- Concrete and Civil
- Equipment Decommissioning
- Structure Demolition

COMMISSIONING

- PRE-Commissioning
- Post-Commissioning
- Cryogenic LNG Systems
